ATTN: YOUR HONOR

Fr. Rosa Yap Munchak

YOUR HONOR, PLS. enclosed here with is a letter dated June 9/2016 from Congressman Cartwright & 2 pages of privacy release form, I completed in their office on June 6/2016 w/ my complain. PLS. kindly review THEM. I was so emotional & desperate, where to go & what to do? I was emotionally, mentally affected & physically in pain for the injuries these hospitals created on me. I will discuss this fully in my complain.

Note: YOUR HONOR, The letter of Congressman Cartwright gave me hope & encouragement w/ I was always so depressed, it affected my life so bad. Congressman is a very ^{good} human being & compassionate enough to read my complain w/ my handwriting looks AWFUL & NOT neat & in ORDER, I was in TEARS, while I was to their staffs & writing the complain. They were very accommodating cause, they probably felt my problem. I admired the Congressman to reply quick on 6-9-2016. I gave him copies of Patient Bill of rights.

YOUR HONOR, my only defense against Grisinger Hosp. & Moffitt cancer research center are their OWN medical records, which, I received & reviewed pages to pages on Aug-25/2014 Grisinger Hosp. 185 pages & Moffitt Hosp. Tampa, FL 106 pages.

ARE their own medical records, I based all the truth & facts that were shocking, I WAS IN DISBELIEF. I THANKED GOD for years in seclusion from the truth w/ I was misled by them w/ NO disclosure & NO rights as a patient. specially in 2005.

YOUR HONOR, my English knowledge WAS POOR, I was lost at JACKAWANNA Co. Courthouse of TURNING DOWN jury duty service even previous years of lack of comprehension, I self taught myself for years & I improved from 2005 but High vocabulary, I am still NOT good UNTIL NOW, I am still LEARNING SPECIAL GRAMMAR & I always check the dictionary for spelling & meaning, specially legal & medical terms. It has to EXPLAIN to me lots of vocabularies.

Case 4:16-cv-01039-MVB Document 1 Filed 08/08/16 Page 4 of 30
Attn: Your Honor Federal Court
From: Rosa Yap MUNCHAK 1/2016

All of the evidences/proofs were all from these Hospitals Medical records & each page. I attached copies of my contradiction of the facts, Also Pictures of my injuries & etc.

#(1) Dec. 20/2004, I was in Geisinger, Danville, PA to consult w/ late DR. Robert Walker thru the referral of DR. Mazonni, Moses Taylor Hospital. I was there thru his DNC scraping of my uterus cause, I was bleeding after my menopause. DR. Walker, examined me & suggested, I have to have a complete Hysterectomy, cause of what DR. Mazonni findings cancer in my uterus. I was so scared to death YOUR HONOR.

#(2) Dec. 28/2004 I was back to Geisinger Hosp Danville, PA for Hysterectomy.

Note: Dec. 20/2004 mentioned above, my Husband asked DR. Walker, How long He's been operating on this problem. DR. Walker explain slowly He knew I was a minority & my husband would repeat slowly what he says - He said around 20 yrs. & more. Then my husband asked How many of this you had done, He said your wife would be my #238 patients & my last for 2004. I have operated. My husband explain to me slowly & we were sold.

#(3) I signed the consent w/c my husband had read it carefully & told me to sign so, I signed/Hysterectomy.

#(4) Dec. 31/2004, I was released in the Hospital was so happy, w/my husband that, I survived. Late DR. Walker visited me & said, He'll be gone for the New YR. & He will see me on Jan. 6/2005 in Wilkes Barre, PA Geisinger. I thanked him so much. I rested at Home.

#(5) Jan. 6/2005 Geisinger Hosp. Wilkes Barre, met w/ late DR. Walker. I was so scared to find out, what kind did He remove, size & the result.?

Continuation of (# 5) Page 3, He WAS KIDDING me & He WAS removing two stitches, This is young 81 West, He made us laugh, He took us to his office & I asked Quirk Doctor, what did you find? & remove? He said lucky it did not touch the wall of your uterus, He said, it did not look like cancer to me, it was a strange looking cell, I never seen one like this? My husband asked, How big he said, very thin, but, for my opinion, I would give you 6 chemo's & radiations, I got so scared but, I could not say no cause, I trusted Him after the good surgery 100%.

Note: YOUR HONOR - Take a Note: Late DR Robert Walker should PET-scan me for cancer before & after the Hysterectomy, He did not do this for a top surgeon, Oncologist gives chemo's & Gynecologist, 3 big titles, How did He not given me these 2 Tests? WHY? If he had given me the PET-scans before & after the Hysterectomy on Dec. 2004 - Jan. 2005, I ~~did not~~ be here w/ the complaint, I NOT be injured for life w/ Neuropathy & Lymphedema, He did not have to send me to Moffitt cancer in Tampa FL w/c they performed the PET-scan on March 15/2005 Moffitt Hosp. did not disclose to me & my husband the PET-scan result Negative for cancer & No comparison of previous PET-scan Test w/c late DR. Walker should had done mentioned on the above. Moffitt Hosp. concealed this & started my 31 radiation's w/ an illegal consent dated 3-24-05 signed by DR. Ravi Shankar an Indian radiologist & I signed, I was not offered an interpreter as a minority w/ accent, Quirk for me to sign & Treatment would start 3-27-05, I was scared all the time PLS. Read the copy of the consent - NOT an informed consent, I copied - I am aware that the practice

continuation of page 4
of medicine and surgery is not an exact science and I
acknowledge that no guarantees have been made to
me concerning the results of proposed treatment.
I understood the proposed procedure is intended
to treat the condition: Endometrial cancer. Notes
never mentioned 3rd stage. copy of this enclosed herewith.

⑥ I am aware that, there are risks attendant to any
medical/surgical procedure such as severe blood loss,
infection, cardiac arrest etc. The following specific
risks of the proposed procedure have been discussed
w/ me. Nausea, Vomiting, diarrhea, loss of hair in
the treatment area, fatigue, loss of appetite, changes
in blood counts and skin changes, such as redness or
burning. These are temporary effects that occur
during the treatment and subside after the
completion of the treatment. bladder irritability/
Bowel irritability. NO interpreter offered to me.

Note: This consent - WAS illegal & should be
VOIDED YOUR HONOR - I had NO idea what occur & subside
means & etc. ?
Copy enclosed Here with your HONOR but let me
write & explain this now. [consent particularly]

informed consent is the cornerstone of patient's
rights. Consent is based on the inviolability of
one's person. It means that doctors do not have
the right to touch or treat a patient without
the patient's approval because, the patient is the
one who must live w/ the consequences & deal
w/ any discomfort cause by treatments. A doctor
can be held liable for committing battery if the
doctor touches the patient without first obtaining
the patient's consent; informed consent.

Note: My contradiction is this Dr. Ravi Shankar
of Moffitt Hosp. had me sign Quick Note offering an
interpreter. My husband was not present, He was
kept in the waiting room the same as Governor
Hosp. Consent on 6-23-05 exactly identical see this
later. Note: Moffitt is #16 research cancer in U.S.

How could lymphedema swelling & Neuropathy nerve damaged on my feet & Toes, swelling (edema) from my belly, down to my feet & Toes WERE OMITTED on this consent? The most dangerous Risks I have now for life, & my bowels are weakened I have to go 2-3 times a day, IT TAKES HOURS for me to get out I spend more time in the toilet than eating. For life this was omitted too, The most important risks for life this consent was a joke Hoffitt is 100% liable for this on patient Bill of Rights they all violations, consent should be voided by law. Note: consent is NOT valid if the patient does not understand it's meaning or if a patient has been misled. They're guilty on this YOUR HONOR. Simply consenting to treatment is not enough. A patient must give informed consent, basic information should be given to me about the doctors purposes to do, consent, the most important legal doctrine in patients rights - (They are guilty on this YOUR HONOR). I should have disclosure than less. Healthcare provider must first present information regarding major risks alternatives & success rates. Information must be presented in language, the patient can understand. A description of the recommended treatments or procedure, a description of the risks & benefits particularly exploring the risk of serious bodily disability or death, I'm suffering since the treatment of Hoffitt & Geisinger Hosp. They injured, battered & disabled me for life, they are liable Hospitals & Doctors, the sufferings of 18 chemo & 31 radiation. Any material risks must be disclosed, I have the rights to decide NOT to undergo the treatments.

(NOT knowing their consent (NOT informed consent w/c he NEVER mentioned spelled out on 6-23-05 No guarantee for cure & these cysplatin & TAXOL 12 Very Harsh chemos can cause another kind of cancer like leukemia). Also, He said my cancer 3rd stage is still in my system even I finish the treatments of chemos & radiations w/ moffitt I have to take his 12 chemos. So, I asked where else can you find the cancer? in your blood I said, DR. I'd take that blood test, He said good, still, He NEVER disclose my pet-scan Negative from cancer on 4-11-05 moffitt medical report enclosed here. He was notified by moffitt of the pet-scan result Your HONOR, He should had given all the facts if I take OR NOT the treatments, what would be the consequences? get a release form I've to sign whatever decision I'd make Your HONOR, Note. Also, He had more than 2 months from April 11/05 to June 23/05 to give me my rights & disclose the pet-scan but, He ignored & violated my rights He was for financial gain, all of them Your HONOR who was above late DR. Walker? To examine His decisions? There was none Your HONOR, It seemed to me He was above every decisions & His report on 6-3-05 was blanked - 0 - There was NO Health Provider & patient relationships at all, Doctors took a Pledge FIRST DO NO HARM, but He & the rest DR. Amy Law who took over his job on June - Nov, who also guilty of giving me treatments continued the wrong doings of late DR. Walker, She ignored all of my rights, She signed the consent w/ the attending nurse MARY Wilkison on - 6-23-05 w/c NOT an informed consent Violated all my rights on patients Bill of Rights, NOT offered an interpreter & all my rights mentioned.

We put 100% Trust & loyal to these 2 Hospitals & all their doctors, who else would we Trust Your Honor? I'm the middle of my fears & anxiety, I had panicked attack on my first chemo treatments w/ NO consent) WHEN, I was sent to a waiting room w/ Hundreds of patients in Moffitt March/05. He smiled & said, Rosa congratulations why? He said Here's your diploma you graduated still never mentioned the lymphedema as a research #16 Hospital in America (edema & neuropathy) the chemo & radiations damaged me & my pet-scan negative they concealed, Read all the lies on their reports where was the release that they had the sign to

I WAS ignorant cause, I WAS NOT informed & so as my Husband NO interpreter, same as Geisinger Hosp. bad damage Your Honor, I WAS their easy catch.

Your Honor, If you believe on a saying what goes around comes around. Your Honor, late DR. Walker is NOT DEAD yet, He is alive on my medical records Your Honor, He will be DEAD once I get the justice I deserve for 11 yrs. in seclusion & for the rest of my life for injuries & battery they inflicted on me & the Tortured of 18 Chemos & 31 Radiation

July/05. We're in Ionia Fair, Ionia Michigan 500 miles from Home. I started my 1st. full tough Harsh Chemos of stronger Cysplat, N & Taxol in Geisinger on June/05, July/05 got a call from Geisinger Danville that my New Doctor is Dr. Julia Donovan, late DR. Walker took a medical leave I said WHY? she refused to explain. My Husband drove to Geisinger Danville PA one way 500 plus miles for my second Chemos got there 6:30 AM. w/ 3 HRS SLEEP job. she mentioned twice cancer marker were good. No explanation? I said OK? she said Rosa, you THINK you are bad? I said WHY? where's DR. Walker? He wants to give me Chemos here in Danville, PA thank Wilkes Barre, PA cause. He would visit me every Chemos, I thought Your Honor that was nice of Him moral support, she said You won't see DR. Walker anymore? WHY? she said He develop cancer last April & he staying Home & rejected all treatments? I said what kind? He didn't reply - I can't believe no wonder, last June 3/05 my 1st. & last meeting w/ Him after Moffitt treatments He looks so different lost lots of weight so skinny I ask why? He ignored me, He was a very active, tall athletic figure & lots of sense of humor. So I was shocked, I said lots of prayer for miracles.

YOUR HONOR, Federal Court
 Fr. Rosa Y. MUNCHAK

for my Surgeon late Dr. Walker, I respected him
 called him my angel Doctor w/ his good surgery on
 me on Dec. 28/04 NOT knowing the violation
 He did & all the staffs, Dr. Amy Law his successor,
 Becky Ruckno, Director of interpretive services,
 Dr. Burke the Director of fee experience issue,
 I had meeting with him on Jan. 6/2016. The most
 stable on all of this was Geisinger Hosp. itself
 from June 2005 - Nov. 2005, I got copies of
 the explanation of benefits. The monies that
 they took from my health insurance roughly
 \$95,000.- & for Moffitt Hosp. from March/Apr-
 May/05 \$75,000.- roughly, No wonder late
 Dr. Walker would NOT do PET-scan Test before
 & after the Hysterectomy on Dec. 28/04 cause,
 it would come out Negative for cancer then,
 Geisinger & Moffitt would be out for all the
 monies. Life is fragile, we are only here in
 a borrowed time, do good deeds.

My last visit w/ late
 Dr. Walker was on 6-3-05 After coming back
 from Moffitt treatments that were illegal. He looks
 weak & so skinny, I've asked him after he
 gave me a hug, you lost lots of weight No reply.
 This was the date crucial for me to get his

Score tactics to take the Chemos 12 Harsh, I've
 mentioned here on my report. The letter from Becky
 Ruckno on Feb/2016 mentioned her cover ups
 & admitting their guilt, I'll discuss that w/
 copy of her letter Feb/16, Moffitt & Geisinger can
 claim they cured me, Your Honor of all the violations
 they got the nerve, They cured me? They made
 their own decisions w/o mine & w/o my knowledge

Medical report from Gersinger Hosp. Danville, PA dated 12-6-07 enclosed herewith during my remission w/ DR. Julia Donovan, she replaced late DR. Walker, she prescribed Estrace cream for me to use inside, when she examined me, my husband read the warning, it can cause cancer, I got scared, I quit using it, your Honor, why would I use Estrace cream that can cause cancer again? When, I just got thru all the sufferings Tortures, Pain & Anxiety of all my Treatments?

18 Chemos & 31 radiations, she got upset of me stop using it, long before I discovered the illegal against the Patient bill of rights w/ my PET Scan negative added to these violations.

If I had known & if they were honest & disclose the result of pet-scan negative & negative blood test, I would refused the Treatments, Their consent NOT informed consent Gersinger, These Chemos Taxol & cisplatin full Chemos can give me cancers like leukemia & no guarantee for cure, I WAS NOT given any rights on Treatments the risks & etc. When late Dr.

Walker 6-3-05 visit after my Treatments in FL. claimed it can get rid of cancer, I was still young to get it in all scare tactics. He didn't explain, what the contents of the consent. He knew about this, He was NOT Honest, He should had pet-scan me before & after the Hysterectomy, He IGNORED, They will never get \$95,000 & moffitt \$75,000 There was nothing to cure, cancer went all w/ the organs He was such a good Surgeon only but a businessman for financial gain Hrs 6-3-05 medical report was blank copy enclosed Here with.

good & Godly Heart that, you will not turn

Rosa's Health, just their own financial
gain. Your Honor, I'm 64 yrs. old now, 11 yrs.

my husband turned 91 yrs old ten's July &
he has few more yrs. To live & me I have
probably w/ God's blessings will live longer. PLS,
we would like you to give me your justice
to punish those who did victimized me for life

Oct. 2014, I planned to continue my business
w/ my brothers til in my 80's but, these
hospitals shattered my dreams they forced
me out of business, I have to work on my
feet your Honor at age 63-64 at the produc-
tion assembly line. They forced me out of
business we quit when I found out the new or-
patay on my feet not the hysterectomy they built up
w/ my head. They tied to me at the remission
for 5 yrs. ended on 2010. I was scared to
travel thousands of miles I could kill myself
or somebody on the road. It hurts me to quit

YOUR HONOR, The pet-scan alone my insurance paid \$4000, - in one HOUR on 3-15-05 & they violated my rights, both of them, I had the right to be inform on the result, WHY NOT disclose to me? & my husband, they concealed this for their Greep. They disregard my pet-scan on 3-15-05 Negative. Federal Court

Before, Nov. 4/15, I called Geisinger Hosp. Scranton, Cause, I got so fed-up contacting local legal help on my problems, they did nothing but discouraged me, I think they had conflict of interest w/ Geisinger & I blamed myself again cause, of my accent & as a minority, they would not even give me a chance to show them all the proofs & all the patients Bill of rights that were violated. The reasons, I seek the help of Congressman Matt Cartwright, who I voted for & I trusted him that, he would guide me to the right direction my last hope, his letter (enclosed) herewith. A very good human being, he gave me hope at last when, I contacted Geisinger, before Nov. 4/15 I was so upset, they direct my call to Jane Gaul the compliance Dept. person, I told her, who's your CEO, I want to talk to him? I insisted she was excited calming me down, said soon someone will call me. Your Hosp. gave me treatment w/ negative PET-scan on cancer & gave her the dates' turn their own medical records, AS a minority you violated all the Patient Bill of rights. So, quickly, I got the appointments:

Fr. Rosa Munchak

report from late Dr. Robert Walker, my surgeon, Gynecologist & Oncologist on the most crucial date visit before he took medical leave for cancer. & He didn't disclose but, He concealed the PET-scan negative for cancer from Moffitt w/ He was liable that He professionally referred me there, w/ on April/2005 on the medical record of there own, He was informed of my negative PET-scan, but still He insisted to ignore all my Patient Bill of Rights (Federal) He had more than 2 months to inform me that I have rights under the law, He Violated that, It fact the 6-3-05 meeting when He gave me scare tactics to get the treatments 15 minutes visit w/ \$139. - A paid to apply to my deductible. Has no integrity & intentionally disrespect ME AND. unprofessionally, report was blanked ZERO, lying that He discussed while He took advantage of me as a minority, never gave me options, warning of the danger of Neuropathy nerve damaged for life on my toes & feet; late Dr. Walker & New Hospital is liable, Becky Buckno could not say anything but, there might be next page report that he mentioned or continuation, I told her quick, none, these are numerical orders w/ dates, DON'T you insert anything here, she said quick, OH!! AS a Director of Interpretive Services at that moment. They both listened to my complaint & they kept on giving me boxes of napkins to wipe ^{off} my tears. OVER ONE HOUR w/ them, Becky Ruckno, you see still concealed her position as Interpretive Services Director? YOUR HONOR TRICKY at that meeting.

at the end, she whispered to me, Rosa, No interpreter? I said None. My Husband was kept in the waiting room

Then, they were so compassionate specially Jani Gault than Becky Ruckno - I had no idea ~~of~~ her position? ~~Then~~ said what do you expect our Hospital to do ~~for~~ you? I said, I came here to inform you what your Hosp & your doctors had done to me & you are all liable, I came here ~~amicably~~ w/o legal action for you to do your responsibility towards me. I gave her all copies & said this was just the first step, then, 2nd step would be next meeting, see letter on 11-4-15 meeting w/ them. enclosed herewith. I've asked Becky Ruckno how long was she connected w/ Gersinger? she said 20 yrs. Then, I said, you knew Dr. Robert Walker deceased? she said yes, your Honor she might be the director of interpretive services at that YR. 2005 on my treatment OR NOT but still she should had disclose that at the meeting she was the interpretive services director - she never mentioned. Becky Ruckno, employee of Gersinger Hosp. As the director of compliance & interpretive services Gersinger Hosp. is LIABLE of her unprofessional responsibility. They were worried, they reason they met w/ me NOV. 10/2015 letter enclosed here with from Gersinger Hosp. 2ND letter - pls. read my comments. our last date DEC. 22/2015 FROM Gersinger Hosp. COURT

fr. Rosa Y. Munchak

YOUR HONOR, this WAS a joke Jan Dec. 22/2015 3rd letter fr. Gersinger & says, our hospital is concerned w/ the continuing health & care of former patients - You may have had surgery or other treatment at Gersinger Medical Center in the past, we are interested in learning how you have been doing - We urge you to see the physician of your choice at least once a year. We wish that you continue to feel well.

A big CON to Joke YOUR HONOR, I'm injured for life AN INSULT. I brought this letter on our 2nd meeting w/ Gersinger on Jan. 6/15 Scranton, PA. I said I can't believe how dysfunctional your operation? You never cared about me? from 2005-2010 I had never receive this kind of letter from you? except after my 1st visit 11-4-15 complain w/ your personell, Jane Gaul Scranton, Becky Ruck No director of all Gersinger & you made \$95,000 roughly w/ my Blue Cross explanation of benefit copies. Now you want me to give you more visits? You injured me for life treatments illegally w/ violation of patient Bill of rights & more major complain.

YOUR HONOR, my blood pressures went up Also, every treatments from Moffitt Hosp. & Gersinger on their medical reports my normal pressure went so high cause, I got scared all the time & WORRIES, They laughed & said OH! that's white coat syndrome, means I'm scared of them? made a joke.

Note: copy enclosed here only on 9-26-14 it took a month for Gersinger to come up w/ their, NOT INFORMED CONSENT they concealed this too, PET-Scan received on 8-24-05, They claimed they couldn't find the treatment consent. I said check your oncology Dept. I have to tell her the medical record Dept. & found it. Intentional COVER-UP

Continuation w/ Visit on 1-6-16 Last Visit w/ Gersinger
Scranton, PA. FOUR HONOR, Jane Gaul (Scranton) Gausinger
to DR. Greg Burke, Danville, Physician Administration and Chief
Patient Experience Officer, Note: Becky Ruckno had an alibi
Her mother fell & in the Hospital so, she didn't show
up. PLS. enclosed here copy of the letter dated Feb/2016
1-6-16, I Told them w/ my Husband next to me Today
a very memorable Date Almost 11 YRS. ago, the same
day Jan. 6th but 2005, when Late DR. Walker removed
the Stitches on my Hysterectomy that he performed
on Dec. 28/04, He Told me & my Husband, it didn't
look like cancer what he removed, it WAS a strange
cell but He would give me chemos & radiations, 1-6-05
Note: His medical report was Also blanked - O -
everything he had said WAS NOT written, on His
Medical record on Jan. 6th/05 identical of ZERO
blanked, I said to DR. Burke WHY? He would not
reply? Have you reviewed the 165 pages I thought
my DR. Sebastienelli primary Doctor Secretary said
185 pages? He never replied again, I kept on talking
I said WHY? I'm doing all the talking & you never
said anything? What's the use of this meeting you
are like a soldier came to war w/ no weapons?
Then, I said, who was above Late DR. Robert Walker
that these happened to me, No one check or examine
him? DR. Burke replied, I'm not a lawyer and that's
a legal question, I said Then, WHY are we having
a meeting now, my time is wasted, It's all black
& white from your own medical records, I showed
him some evidence, then he said, explained on their
letter on Feb. 11-2016 stamped on the envelop cause
it was not dated by Becky Ruckno, she still e-mail
this to me on Feb. 5/2016, PLS. copy enclosed, that
the recommendation of the cancer specialist to the Tumor
Board, that I have to have the treatments of 6 chemos
& 31 radiation & Gersinger Late DR. Walker continued
the treatments of 12 full chemos w/ their standard

care, I said, How about I have the rights to be notified by Moffitt Hosp. & you the Gerlinger Hospital giving me the information concerning the diagnosis alternative, risks, prognosis, & the UNANTICIPATED outcomes like the injuries of chemo & radiation for life. I'm suffering now & for life the worse of all. You did not disclose the negative PET-scan, the negative blood test before you gave me the treatments, both of your consents are voided & illegal - against the Federal Patient Bill of rights, civil & Human rights - means you had denied me all of these & shot me out? You both were paid super good w/out 100% trust. Both of you concealed this PET-scan negative I have the rights to refuse the treatments except as otherwise provided by law. Both of you Moffitt & Gerlinger Hosp. None of you are the law. You & Moffitt never offered me an interpreter as a minority w/ an accent, you just disregarded w/ disrespect all our trust, all the Bill of rights Federal you both violated, when, I insisted that NO interpreter in signing the consent, DR. Burke your Honor leaned back sitting down & he swallowed told him, they were liable. He never replied, when I mentioned my rights, there was nothing to cure, DR. Walker hysterectomy took whatever that cancer out w/all the organs the reason the PET-scan on 3-15-05 in Moffitt was negative & the blood test 6-9-05 at Gerlinger, Danville was negative, also, was concealed you took advantage of me as a minority for financial gain you & Moffitt are in Team, I said I got to go to work, I work at 4:30-1:00 A.M. then, he said, he should hire me to work under him, I said, I have here the truth & common sense, I would never worked w/ you cause,

Federal COURT

Fr. Rosa Muniz

I speak the truth. Then He said, I sound like a lawyer & articulate. I said, Don't butter me up, I self taught myself, still long way to go on comprehension but I'm trying to learn everyday - He said, I'm No. 1 Patient in his practice that, he will not forget & Jane Gaul said, I'm #3 that she won't not forget. We ended.

Your HONOR pls review their letter on Feb/16

The 4th letter I have highlighted, (Gersinger) the 1st paragraph it says, we also want to note, that we offered to you interpretive services for this meeting but indicated that you did not want them. Feb. 2016 meeting w/ Jane Gaul & DR. Gregg Burke of Gersinger Benville PA well, NOTE: This was to justify when THEY ARE worried of their failure of offering the the interpretive services even a Filipino Nurse or a doctor's wife there are some, & WHY Now in 2016? NOT IN 2015 when I needed it the most. They are trying to

COVER UP YOUR HONOR. There was nothing to interpret. The 3rd paragraph Moffitt & Gersinger Hosp made their own decision with out my knowledge of my PET-Scan Negative on 3-15-15 or very clear they violated your HONOR all my rights on Patient Bill of rights Federal. For both of their financial gain, I had NO decision.

The 4th paragraph Your HONOR on this paragraph, the physicians recommended the care based on their opinion that it provided the best opportunity to remain cancer free & my Insurance Co. would not agree to pay for the care that was

NOT necessary, my Argument, of paragraph 4th.
Your HONOR they based their illegal Treatments
given to me from only their medical opinion?
& disregarded the PET-scan Negative Test that
my Health Insurance paid \$4,000 in one
Hour that year 3-15-05 & No disclosure &
concealed this to me? I had the right
to know? Why have these expensive machines
like the same as cat scan to test patients
before all treatments? Why disregarded this
& violated all the patient bill of rights
Those don't make any justification at all?
& it will provide me the best opportunity
to remain cancer free?

Note: Your HONOR & on the illegal, uninformed
consent, The 2 Chemos text & dysplasia some
kind of cancers can occur like leukemia.
& They don't guarantee the cure? One
breathe I'll be cancer free, But on their
misleading consent 6/23/05, another kind of cancer can
occur like leukemia, misled. Justify this Your
HONOR all business they insulted any
body's intelligence - OH! my GOD we look stupid
then my insurance co. would NOT agree to pay
for care that was not needed.
Argument: Your HONOR, If these (2) Hospitals
disclosed & NOT concealed my PET-scan
negative, they would NOT 100% get paid
by my insurance, cause I will refuse to
treatments & signed a release that I will
be liable refusing the treatments & spelled
out the advantages & disadvantages of these

Federal Court

Treatments, they didn't offer me this, you know why? Your Honor, Gersinger would lose \$95,000 roughly & Moffitt \$75,000 roughly got copies of the explanation of benefits from Blue Cross BlueShield of NEPA I had mentioned these previously. They branded us really looked stupid.

5TH paragraph it says on Feb/2016 last letter, Gersinger indicated that I didn't understand the side effects because, interpretive services were not provided to me NOR my husband was present (presence) when, I signed their consent for treatments. And this occurred in 2005 for us to know the circumstances of this OR address it other than to Apologize, if the proper assistance was not provided our cancer providers understands the risks and benefits of the treatment they recommend for our patients and take great efforts to make sure our patients are fully informed & the use of interpreter services when needed (they violated all their statement here)

Argument 100% Gersinger & Moffitt identical never offered me the interpretive services (Note: Hospitals - required - provide language access services, Aug. 19, 2014 under Title VI of the Civil Rights Act of 1964, Discrimination on the basis of race, color or national origin is prohibited, therefore, health care providers including Hospitals that receive Federal funding, including Medicare, Medicaid and SCHIP are required to provide language access services for their patients I had research this on the web-site Your Honor ARE Hospitals Required to provide language access services? Gersinger & Moffitt definitely receive federal funds. Your Honor. Note: These Hospitals NOT only violated all my Patient Bill of rights (Federal) They also discriminated me, As minority cause, They took advantage of me that was the major factor Your Honor. As a minority & Congressman Carl Wright wrote that letter 6/9/16 this year.

Your Honor

Federal court

Pa. Rosa Yap Munchak 8-1-16

Continuation of my argument ~~ON~~ paragraph 5th
 Yes, True, I signed their NOT informed consent
 I didn't understand, NOT ONLY the side effects
 specially what WAS Neuropathy? & was rushed
 to sign cause, treatments starts, NO inter-
 preter, offered, WAS scared to death my husband
 WAS kept in the waiting room, I WAS scared alone.

Note: There but WAS it occurred in 2005 for
 them TO KNOW the circumstances of this OR
 ADDRESS it, other than TO Apologize? if the
 Proper Assistance WAS NOT provided.

Your Honor, These are NOT Acceptable & Mis-
 leading where do you think? Your Honor

I got all my arguments & facts of evidence
 from their 185 pages medical reports &
 106 pages medical reports from Moffitt, I
 didn't pick these out of my eyeballs?

Just I said Again, my only defense against
 Gensinger Hosp. & Moffitt Hosp. are their own
 written medical records. Spoke the TRUTH,

I WAS so ignorant, minority I had no idea
 there WAS such a Patient Bill of rights &
 interpreter? No one gave me or my husband
 copies, MISLED US from 2005 - 2010 I WAS
 under their care, How could Becky Ruckno
 stated it occurred in 2005 for them TO KNOW
 the circumstances if Becky, read all the 185
 pages, like I did, look for your answers.

& Just Apologize? If the Proper Assistance
 WAS NOT Address to me? Note: Your Honor

the Feb/2016 letter of defense of Becky
 Ruckno Accepted all their quilts your Honor.
 She justify it well, As a Director of interpre-
 tive services she is liable to Gensinger should
 SHE HANG Gensinger & Moffitt of MAKING the decision w/o ME.

Your Honor

Federal Court Fr. Rosa Y. Muneta

Continuation of #5 paragraph
investigate her (Becky Ruck) How these violations
happened under her watch. The reason she skipped
this Jan. 6/16 meeting, Your Honor, Gersinger Hosp
was worried & concerned of my complain, cause
it was serious and they well come me at their
door, met twice w/ me, letter attached here with
that Feb/16 also that Risk Group will contact
me Your Honor to review the compensation
but they pushed me away & said to a law-
yer who tried to talk to them, that they
didn't do anything illegal (this was the
Risk Group) They would not give me a
meeting at all. They again ignored me
Your Honor, AM NOT a lawyer, I don't HAVE
any law or legal degree, No legal words
& High words vocabularies. I have nothing
Your Honor, but all their medical records
of these two hospitals, The Bill of rights for
patients, I have great determination that truth
will prevail, I have common sense, research
on websites, I couldn't help but tears in
my eyes writing these, very tough. I poured
all my emotions excuse me pls. Your Honor
of all the very long complain but you have
to know the truth. I discovered this last
Aug. 25/2014 & Moffitt are connected w/ this
Gersinger, late DR. Walker is liable, He made the
arrangement w/ Moffitt they were both in teamwork
of victimizing me for greed. Their NOT informed
consents violated the ~~the~~ formed consent of Patient
Bill of Rights, & I begged you Your Honor, it
should be voided, copies are enclosed herewith.
Pls. render me the justice under the law
so, they would stop victimizing more inno-
cent patients, minorities or not, Educated or

Federal court Fr. Rosa Y. Munchak

Not, young or old, I Thanked God, He gave me the miracle to finally found & discovered the truth, led me to Congressman Cartwright & I went to Federal Court just to ask of any legal help I can find. Asked your clerk if I can represent myself w/o a lawyer to start, Mr. Richard Miller was a very nice person & he said yes, I showed him the letter fr. Congressman Cartwright & he said he is a good man & he said I could file the claim now & gave me the forms, he helped me how to fill out & what to do. I looked up & said thank you so much Ford, I am at the right path at last since 2014 when, I discovered it all. I WAS shocked that at last someone can give me the justice for so many yrs. & all my injuries sufferings. How it came about. I apologized, your Honor, if I had repetitions on these complaint. I am so mentally emotionally affected & hope you understand. The older I get the worse I suffered. I get weaker & tried to work on a \$9.25 an hour job assembly line on my feet 40 hrs. a wk. instead of my business from 1992-2014. Many times, I felt so depressed & hopeless & prayers keep me to survive. Pls, your Honor, before my husband 91 yrs. old & I'm 64 yrs. old leave this earth, Give me the justice that I deserve for so long in the dark. God blessed my husband w/ a long life for a reason that, justice will be given to me, He will go someday at peace & same as me, your Honor. God Bless your good heart & your family. Thank you so much in Advance. Sincerely
